

# RAMEES RAJA

## UI/UX Designer & Developer

### Introduce

With over 8 years of experience, I'm a versatile Graphic and UI/UX Designer proficient in graphic design, marketing, and frontend development. I oversee projects from prototype to wireframe stages, tailoring designs for websites and mobile apps using Photoshop, Illustrator, XD and Figma.

I specialize in frontend technologies such as HTML, CSS, Bootstrap, JavaScript, and jQuery, coupled with backend integration using PHP, Ajax and SQL. My versatile skill set allows me to create visually appealing and user-friendly solutions across various platforms.
